Professional Experience

05/2022	Training at Brainnest I have completed the Brainnest frontend industry training of 24 hours. During the training , I learned how to about responsive website design and gained a lot of insights in mplement websites, landing pages, and applications from concept through deployment, with a responsive, mobile-first approach
09/2021 Ploiești, Romania	Internship at TP Engineering Ploiesti During the internship, I was assigned with various tasks in “Project Planning and Logistics” department. My main responsibilities were sorting and parsing data in Excel as well as assisting in the technical drawings and blueprints preparation.
07/2020 Baku, Azerbaijan	Internship course at "TP Engineering and Consultancy" LLC During the internship course I have completed the "Technical Data Collection and Entry to DB" internship course.
2018 – 2019 Baku, Azerbaijan	Volunteer at the Center of Excellence in EU studies at ADA University Active member of the voluntary projects held in the ADA University , mainly Summer Camps or Summer Schools. This experience helped me develop excellent managerial and organisation skills.

Certificates

Certificate of Appreciation
